California Digital Library

DL Interoperability (InterLib)

DLI-2 All projects meeting
June 2000

John Ober
Director of Education and Strategic Innovation

Points of Collaboration

- Key InterLib technologies deployed by CDL

- InterLib access to collections, users

- Production DL goals & problem set

- Evaluation, project management, user education

CDL Brief Overview

- Opened January 1999

- 5000 electronic journals; 167 large biblio. databases (incl. Melvyl)

- Digital primary sources; ~4000 EAD/SGML finding aids (41 institutions in Online Archive of California, incl. museums)

- eScholarship - scholarly comm. initiatives

California Digital Library – www.cdlib.org

CDL Services & InterLib integration

- Locate or gain access to digital content
- Manipulate
- Integrate
- Share
- Customize

- Experimental Section of the CDL

CDL CALIFORNIA DIGITAL LIBRARY

A Co-Library of the campuses of the University of California

What's New

Historical Newspapers Online Now Available!

Indexes of newspaper articles from The Times® (1790-1980) and The New York Times (1851-1922) and full text for The Times (1785-1870) are now available.   More...

Welcome to the California Digital Library.

Strategic Innovation –
Goals and problem set examples

- eScholarship eprint services
  - Annotation, review, reference linking, usage alerts, complex multimedia objects
- Multimedia search interfaces; intelligent searching
- Confusion recognition
- Foreign language services
- Content and metadata ingestion & harvesting
